SUMMARY

Results-driven Web Developer with expertise in Ruby, JavaScript, and Docker. Passionate about building scalable applications and delivering clean, maintainable code. Proven ability to work remotely, engage in pair programming, and adopt a product owner's mindset. Adept at problem-solving and troubleshooting across the stack.

SKILLS

- **Front-End:** HTML, CSS, JavaScript, React, Angular, React Router, Redux, styled-components, Material-UI, Angular Material, Twitter Bootstrap
- **Back-End:** Ruby, Ruby on Rails, ActiveJob, Sidekiq, Devise, Cancancan
- **Databases:** PostgreSQL
- **Testing:** RSpec
- **Tools & Platforms:** Git, GitHub, GitLab, Docker, SSH, Trello, Jira, Slack

EXPERIENCE

Aurapay

Lead Developer (Ruby on Rails and React) | Remote | Jan 2023 – Feb, 2025

- Spearheaded the development lifecycle from ideation to deployment, ensuring timely delivery of features.
- Designed and implemented dynamic, responsive user interfaces using React.
- Partnered with designers to translate UI/UX designs into functional components.
- Conducted comprehensive code reviews and provided mentorship to junior developers.

Trades Trek

Full-stack Developer (Ruby on Rails and React) | Remote | Sept 2022 – Feb 2023

- Built a blog platform to enhance product awareness and literacy, optimized for SEO.
- Collaborated with internal teams to maintain a cohesive voice across digital platforms.
- Delivered weekly content updates to improve engagement and conversion rates.

Spectrangle

Front-end Developer (Angular) | Hybrid | May 2022 – Nov 2022

- Developed highly scalable enterprise-level web applications.
- Created reusable components leveraging Angular best practices.
- Delivered design recommendations to improve application scalability and maintainability.

Tokunbo

Front-end Developer (React) | Remote | Jan 2022 – May 2022

- Developed reusable, testable components using React.
- Adhered to best practices in software development for clean and efficient code.
- Delivered projects on time while adhering to budget constraints.

MICROVERSE

Mentor (Volunteer) | Remote | September 2021 – October 2021

- Guided junior developers on HTML, CSS, and JavaScript best practices.
- Conducted code reviews, provided constructive feedback, and proposed organizational improvements.

- Shared strategies for thriving in a remote work environment.

EDUCATION

MICROVERSE | August 2021 –March 2022

Remote Full Stack Web Development Program, Full-Time

- Dedicated over 1300+ hours to mastering algorithms, data structures, and full-stack development.
- Collaborated on projects using GitHub, Git-flow, and industry-standard remote practices.

ADDITIONAL INFORMATION

- Open to relocation and remote opportunities.
- Fluent in English; excellent verbal and written communication skills.
